

REEVES

RESEARCH AND EXTENSION
EXPERIENCE IN VETERINARY
ENTOMOLOGY FOR STUDENTS

Interested in pursuing a career associated with livestock? Interested in **team science**?
Want to learn more about **Veterinary Entomology** research and Extension?

The program will provide an 8-week summer residential REEU to 8 scholars a year (2025-2029). This experience highlights **team science** in a conducive and **positive environment** for undergraduate students through participation in research and Extension. Efforts will be led by faculty at the University of Tennessee, and teams will also be formed at University of Georgia, Kansas State University, and Texas A&M University.
